

## MY FRIEND

It's been a long time  
But we haven't forgotten you  
We're sitting here at home  
And we haven't heard a word  
Will you be my friend  
Will we be the lucky ones  
Tell me where you'll be  
And I'll meet you my friend  
Tell me where you'll be  
And I'll greet you my friend

Tell me where you'll be  
Tell me where you'll be  
Tell me where you'll be  
Tell me where you'll be  
Tell me where you'll be  
And I'll meet you my friend  
Tell me where you'll be  
And I'll greet you my friend

We remember  
A winter day, ten December  
We remember  
The day we met you  
Just a baby, looking around  
We're happy  
Mom and Daddy  
And now we know you  
Mom and Daddy  
And now we know you
