

SHOW ME

When I look in your eyes
I see blue
See the sky open wide
Yes, it's true
In the light
There's a shine on your face
And it tells me
I've found a new place

She's a girl
With a smile so deep
And a story
That winds like a stream
Well you make me
Feel warm in the wind
You protect me
From rain coming in

And show me
The reason for being
Yea, show me
The key to it all
Dance on the table
And spin like a top
Show me some crazy
Don't ever stop

Li-l-li-li-li
Li-l-li-li-li-li-li-li-li
Li-l-li-li-li-li-li
Li-l-li-li-li-li-li

Look down the bar
I see bright
See a star
In the dark of the night
Well she's wearing a glittery dress
And she wouldn't wear anything less

She says to the kid
Would you dance?
Let me see how your knees hit the floor
And she says that we're gonna' get wild
And I'll carry you boy out the door

And show me
The reason for being
And show me
The key to it all
Dance on the table
And spin like a top
Show me some crazy
Don't ever stop

Li-li-li-li
Li-li-li-li-li-li-li-li
Li-li-li-li-li-li
Li-li-li-li-li-li
Li-li-li-li
Li-li-li-li-li-li-li-li
Li-li-li-li-li-li
