

SUDS, VINYL AND THE OPEN HIGHWAY

Give me some suds and vinyl
And the open highway
Give me some room to breathe
And a woman behind me
I got music to go
For each different road
I got time
To reach my pioneer dream

Windy roads
'Round a mountain
Fadeaway lines
Orange skies
Faraway lights
Gas station town
And a bar with a pool hall
And a cowboy band

Give me some suds and vinyl
And the open highway
Give me some room to breathe
And a woman behind me
I got music to go
For each different road
I got time
To reach my pioneer dream

And I saw a sad-eyed girl
With small town charm
She took my hand
She considered it sold
She told me a story
Of how she'd get out
She went back to work
She was dancing without

Give me some suds and vinyl
And the open highway
Give me some room to breathe
And a woman behind me
I got music to go
For each different road
I got time
To reach my pioneer dream

I got music to go
For each different road
I got time
To reach my pioneer dream
Oh baby

Reach my pioneer dream
Reach my pioneer dream

Saw a sad-eyed girl
With small town charm
She took my hand
She considered it sold
She told me a story
Of how she'd get out
She went back to work
She was dancing without
